## A.1 Introduction

The Government of the District of Columbia (District) is committed to supporting children and youth in preparing for a bright future. In service of that commitment, the District is seeking to support strong nonprofit organizations that provide children and youth with high-quality out-of-school-time (OST) programming.

The funds available through this Request for Applications (RFA) will be awarded through the Office of Out of School Time Grants and Youth Outcomes (OST Office), located in the Office of the Deputy Mayor for Education (DME), and grant awards are contingent upon the availability of funds.

Learn24 is the name for the network that supports equitable access to high-quality OST programs for the District's children and youth. Learn24 supports coordination among nonprofit organizations and District government agencies through targeted grant-making, data collection, evaluation, and through the provision of training, capacity building, and technical assistance to OST providers. The OST Office stewards the Learn24 brand to bring awareness of the OST Office, The Institute for Youth Development, Commission on Out of School Time Grants and Youth Outcomes, higher education partners, District agencies, philanthropic partners, and the hundreds of nonprofits and schools that offer programs to children and youth outside the school day.

## A.2 Scope

The Summer Strong Small Nonprofit<sup>1</sup> 2022 Out of School Time RFA invites high-performing, fiscally responsible, nonprofits that focus on youth development and serve school age children and youth<sup>2</sup> with summer programs to apply. Organizations applying must serve youth with a positive youth development approach. Grant funds may only be used to serve children and youth<sup>3</sup> who reside in the District of Columbia. For this RFA, the term youth will be used to describe both children and youth.

Summer programs have been shown to support academic recovery and reduce summer learning loss. The typical summer learning loss experienced in a regular year can often be reduced through participation in a summer program, especially when that program focuses on an academic area the youth enjoy. This summer OST programs are more important than ever and will provide both social-emotional learning (SEL) and academic support. The continued impacts of COVID have exacerbated the need to provide support and academic recovery for youth most at-risk.

For the purposes of this RFA, summer programming is defined as a structured, supervised learning, and youth development opportunity offered to a distinct group of District youth during the summer months for a minimum of 5 hours per day, 5 days a week, for 5 consecutive weeks.

### A.2.1 Amount of Funding to be Awarded

Grant awards are contingent on the availability of funds approved by the Council of the District of Columbia. The OST Office anticipates awarding up to \$300,000 in total awards.

Applicants may request up to \$25,000. The OST Office maintains the right to adjust the grant award amount.

---

<sup>1</sup> Small nonprofit is defined as an organization with an operating budget of \$250,000 or less.

<sup>2</sup> As defined by the Office of Out of School Time Grants and Youth Outcomes Establishment Act of 2016 § 2–1555.01

<sup>3</sup> "Youth" means an individual of 21 years of age or less who is eligible to enroll in a District primary or secondary school, or an individual of 22 years of age or less who is eligible to receive special education services from a local educational agency

### A.2.2 Youth Development Outcomes

Youth development is a process that prepares youth to meet the challenges of childhood, adolescence, and adulthood and achieve his or her full potential by offering activities and experiences that help youth develop social, emotional, physical, cognitive, and spiritual competencies.

Positive Youth Development (PYD) is a method that engages youth within their communities, schools, organizations, peer groups, and families in a manner that is productive and constructive; recognizes, utilizes, and enhances youths' strengths; and promotes positive outcomes for youth by providing opportunities, fostering positive relationships, and offering supports to build on youth's strengths and assets.

The intent of this grant is to support high-quality summer programs that offer educational, social, emotional, and physical health opportunities and activities for youth throughout the District. The OST Office is seeking to fund youth-serving organizations that provide intentional opportunities that help youth reach developmental outcomes and have meaningful roles in their community.

### A.2.3 Target Population

Grants will be awarded to organizations serving school-aged youth, as defined above, with a youth development approach. Preference will be given to applicants that serve youth who are most in need or at-risk and require access to high-quality, low- or no-cost out-of-school-time opportunities. As defined by the Fair Student Funding and School – Based Budgeting Amendment Act of 2013, Section 4 (a) (2A) “at-risk” means a DCPS student or a public charter school student who is identified as one or more of the following:

- (A) Homeless;
- (B) In the District's foster care system;
- (C) Qualifies for the Temporary Assistance for Needy Families program or the Supplemental Nutrition Assistance Program; or
- (D) A high school student that is one year older, or more, than the expected age for the grade in which the student is enrolled.

Considerations for need include family income, specific populations, neighborhood conditions, transportation issues, ages served, and the number of programs offered in the community. Organizations must be able to describe the specific community needs that the program addresses in the narrative.

The District maintains the right to provide priority points for programs located in Wards 5, 7, and 8 based on the information found through the DC Policy Center's [\*Needs Assessment of Out-of-School Time Programs\*](#).

Programs must be available to any at-risk youth across the District that meets the programs' specific target population.

Organizations must serve a minimum of 15 unduplicated youth residing in the District by the end of the program period. Learn24 strongly encourage applicants to maintain robust retention over the program period. Programs are expected to serve the same youth for 5 weeks. These funds are for a continuous 5-week program, NOT five one-week programs. If incentives are utilized to retain youth, grant funds may not be applied for these efforts.

### A.2.4 Grant Period

The grant period is from May 2, 2022 through August 27, 2022.

### A.2.5 Program Period

Summer programming must take place for a minimum of 5 continuous weeks between June 13, 2022, and August 27, 2022. Programming may occur at any time during the program period to meet the minimum dosage, but the weeks of programming must be continuous.

### A.2.6 Program Dosage

Programs must offer services for a minimum of 5 hours per day, 5 days per week, for 5 consecutive weeks to the same group of youth. The District reserves the right to provide additional points for applications that exceed the minimum programming hours.

- All in-person programs will need to adhere to safety and security measures required by Mayoral Orders, DC Department of Health, or any DC Law.

### **A.2.7 Program Locations**

Grants are program and site-specific. Sites must be clearly described in the application. Programming may occur at any accessible and safe location in the District or outside the District. Proposed program locations must be listed on the application cover sheet.

## **A.3 Eligibility**

In order to achieve equitable outcomes for youth, the OST Office offers a variety of grant opportunities which will provide diverse programming opportunities. Applicants may apply for multiple Learn24 Summer Strong Grant Competitions, however; applicants are only eligible to receive one Summer Strong 2022 OST grant award.

A logic model or theory of change is required to supplement the narrative and does not count toward the narrative page limitation.

At the completion of a grant period, the OST Office shall provide the grantee an accountability risk profile (“ARP”), which shall designate the grantee as “low-risk”, “medium-risk”, or “high-risk”.

As part of the process of making an ARP risk profile, the OST Office shall review whether the grantee met all grant agreement requirements, including program reporting and financial reporting.

The ARP risk classification will determine the amount of monitoring required for future grants and the eligibility of the grantee to apply to future RFAs or receive future grants from the OST Office.

An organization designated as “high-risk” shall not be eligible to apply for a grant from the OST Office until both: one (1) year has elapsed since the date of the designation; and two (2) appropriate documentation has been provided to the OST Office that documents the organization’s performance has improved. Performance improvement can be documented either in the form of an audit or an independent program assessment.

## Appendix 3: Logic Model

### [Organization's Name] Logic Model for [Program Name]

<b>Program and Mission statement</b> (note the target population, audience served and what you hope to impact)			
Type the mission statement here.			
<b>Challenge to be Addressed</b>			<b>Short Term Outcomes</b> (Awareness, Knowledge, Attitude)
What is the problem that the organization is trying to address through the programs?			<b>Outcomes</b> are the measurable, meaningful, and expected <b>changes</b> in the population served that result from a program's activities.
<b>Assumptions</b>		Assumptions the organization makes about the program, the people involved, and how change will occur. The assumptions might include the theory behind the program, underlying beliefs about how and why it will work, or the conditions for success.	
<b>Inputs/Resources</b> (Needed to operate program)	<b>Activities</b> (Program Opportunities for Kids)	<b>Outputs</b> (Result of Program Activities)	<b>Intermediate Outcomes</b> (Skills, Action, Behavior)
<b>Inputs or resources</b> that go into a program including human, financial, organizational, and community resources available for carrying out a program's activities. Examples include Funding, Program staff, curricula, Volunteers, and Research.	<b>Activities</b> (program activities) are the actions or events provided to generate desired outcomes. You should also include the <b>dosage—the amount of time or number of activities</b> . For example, Workshops (4 @ 2 hours), Guest Speakers (6 per year), or Training Programs (2 hours/week for 10 weeks). The dosage is an important determining factor for whether the program can achieve its outcomes. A program that does one hour of tutoring per semester should not claim to improve grades. However, a program that does one hour of tutoring per week for a semester could make that claim.	<b>Outputs</b> are the direct products of a program's activities and may include types, levels and targets of services to be delivered by the program. Examples include # of individuals who will complete training, # of individuals who expressed satisfaction with the program, or # of individuals receiving referrals.	Intermediate or mid-term outcomes generally focus on changes in skills, behaviors, and actions. These are the outcomes you desire by the program end. Think about 0-3 months after the program ends when identifying these outcomes.
			<b>Long Term Outcomes</b> (Status or Condition)
			Long-term outcomes generally focus on changes in status or condition. These are the outcomes intended for participants to achieve or exhibit after 6 months or longer at the end of the program. The time for achieving this outcome should take into consideration how long participants are tracked beyond the program.
<b>External Factors</b> (Realities)		Factors that are outside of organization's control that might affect the planned work or achieve the desired change. Examples include funding, political changes, or participants relocating.

**Activities:** (program activities) are the actions or events provided to generate desired outcomes.

**Applicant:** an entity that submits an application to be considered for funding.

**Asset Based:** An approach that focuses on the strengths and competencies that children and youth have that values resilience over risk, assets over deficits, and strengths over weaknesses. An asset-based approach focuses on leveraging existing strengths as opposed to fixing what is “wrong”.

**At-Risk:** Fair Student Funding and School, Based Budgeting Amendment Act of 2013 Section 4(a)(2A) states “At-risk” means a District of Columbia Public School (DCPS) student or a public charter school student who is identified as one or more of the following: (A) Homeless; (B) In the District’s foster care system; (C) Qualifies for the Temporary Assistance for Needy Families program or the Supplemental Nutrition Assistance Program; or (D) A high school student that is one year older, or more, than the expected age for the grade in which the student is enrolled.

**Cityspan:** a secure web-accessible database platform that the Office of Out of School Time Grants and Youth Outcomes contracts with to collect and maintain data regarding program information, program staff, youth enrollment, and youth attendance.

**Direct Program Costs:** costs related to carrying out program activities and working directly with the students such as teachers, instructors, other education staff, aids, assistants, interns, supplies, curriculum, and management.

**Family Education Rights and Privacy Act (FERPA):** The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children’s education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are “eligible students.”

**Frontline Staff:** staff that work directly with youth.

**Goal:** an indicator established to determine whether an objective has been achieved (e.g. all participating youth have improved their literacy scores).

**Grantmaking Partner:** a nonprofit organization that administers and monitors the OST Grant Program on behalf of the OST Office.

**Indirect/Operating Costs:** costs that cannot be tied directly to the program, but costs that are incurred to support the program (e.g. audits, audit fees, grant writing, management or finance salaries, or administrative rent).

**Personally Identifiable Information (PII):** information that, alone or in combination, can be linked to a specific student including but not limited to child or family name, address, Unique Student Identifier, school name, date of

birth (DOB), place of birth, or mother's maiden name. Aggregate data may sometimes include PII if the underlying data is so narrowly defined that the information can be used to identify the student. Furthermore, group level aggregated data where the group is less than 10 children could be identifiable as well.

**Positive Youth Development (PYD):** a method that engages youth within their communities, schools, organizations, peer groups, and families in a manner that is productive and constructive; recognizes, utilizes, and enhances youths' strengths *so that youth are empowered to reach their full potential*. **Survey of Academic and Youth Outcomes-Youth (SAYO-Y):** a youth survey created by the National Institute on Out of School Time (NIOST) at Wellesley College that is comprised of multiple choice, Likert scale questions that are completed by youth participants to measure their program experiences, future expectations, sense of competence, and sense of how the OST program has helped them.

**Target:** an indicator established to determine how successfully an organization is achieving an objective (e.g. x% of youth will improve their literacy scores by at least one grade level).

**Theory of Change:** describes the change that an initiative (organization, program, network, project, etc.) wishes to see in the world and its understanding of how it will contribute to that change.

**Youth Development:** childhood and adolescence stages of human development that supports social, emotional, cognitive/intellectual, spiritual, and physical growth.

**Youth Developmental Outcomes:** the results of programs, services and supports that are designed to engage youth to meet their developmental needs and refer to changes in knowledge, attitude or behavior. These outcomes have been framed into two categories:

Identity: a sense of personal well-being and connection and commitment to others.

Ability: knowledge, skills, and attitudes that prepare youth for adulthood.

**Youth Participation:** youth having the power to make and implement decisions, together with a share of the responsibility for the outcomes.
